Cotton Rainbow Errata

On some patterns (not all), part of the instructions on page 1 got cut off. This is how it should read:

2. Cutting Color Strips

Pick up one color set. You should have 5 different fabrics numbered 1 to 5 with 1 being the lightest.

From Fabric 1	cut 3– 2 1/2" x 4 1/2" rectangles
	and cut 3– 2 1/2" squares
From Fabrics 2, 3, 4, 5	cut 3– 2 1/2" x 6 1/2" rectangles
	and cut 3– 2 1/2" x 4 1/2" rectangles

Directions are given for the Throw size. Other sizes are in parentheses (Twin, Queen).

Repeat until you have cut up all 6 color sets for Throw (10 for Twin, 16 for Queen). Keep color sets grouped in value order.
